What We Value

Westchester Harbour, a new Assisted Living Community at Providence Place,
offering exceptional personal attention in a homelike, Christian environment.

The way we care for our senior adult residents reflects our **Core Values**. We believe in the **Sanctity of Life** in all its seasons, respecting our residents' **Dignity**, promoting **Wellness** and a sense of community, and treating all residents and their loved ones with **Compassion**. We are a Faith-Based Ministry, encouraging **Volunteerism** by residents in the surrounding community. We act at all times with **Integrity**, honesty and accountability. We strive for **Excellence** that exceeds our residents' expectations, always seeking **Continuous Renewal and Learning** that will help us provide even better care.

Space is limited! For information, contact
